

Commands List

This is not an exhaustive list. It is up to you to execute variations of commands to show that your shell works properly.

#	Item	
1	<i>ls -lah</i>	<input type="checkbox"/>
2	<i>mkdir bananas</i>	<input type="checkbox"/>
3	<i>cd bananas</i>	<input type="checkbox"/>
4	<i>cd ..</i>	<input type="checkbox"/>
5	<i>cd ~</i>	<input type="checkbox"/>
6	<i>pwd</i>	<input type="checkbox"/>
7	<i>mv somefile.txt bananas</i>	<input type="checkbox"/>
8	<i>cp bananas/somefile.txt somefile/otherfile.txt</i>	<input type="checkbox"/>
9	<i>rm -rf bananas</i>	<input type="checkbox"/>
10	<i>cat somefile</i>	<input type="checkbox"/>
11	<i>less somefile</i>	<input type="checkbox"/>
12	<i>head somefile -n 10</i>	<input type="checkbox"/>
13	<i>tail somefile -n 10</i>	<input type="checkbox"/>
14	<i>grep -l bacon bacon.txt</i>	<input type="checkbox"/>
15	<i>wc -w bacon.txt</i>	<input type="checkbox"/>
16	<i>history</i>	<input type="checkbox"/>
17	<i>!x</i>	<input type="checkbox"/>
18	<i>chmod 777 somefile.txt</i>	<input type="checkbox"/>
19	<i>sort bacon.txt</i>	<input type="checkbox"/>
20	<i>Command of your choice</i>	<input type="checkbox"/>
Similar to (but show variations as well):		
21	<i>grep bacon bacon.txt wc -l</i>	<input type="checkbox"/>
Similar to (but show variations as well):		
22	<i>cat file1 file2 > file0</i>	<input type="checkbox"/>
